Snack and Lunch program (please send a nut free lunch and snack for your child)

In order to promote conservation through energy and waste reduction we will continue our "Waste Free Lunch Program". It involves the following two steps.

1. Lunches and snacks should be packed in re-usable and resealable containers.
2. Our students will be taught the importance and differences between green bin, recycle and garbage.

Our goal is that this practice at school and at home will teach all children to carry this awareness and behaviour with them as they continue to grow. Should you have any questions, please do not hesitate to contact me via e-mail gradale@bell.net or call 416-917-9409

Sincerely,

Michelle Gradish and Staff
